

ATTACHMENT A

Remarks

In response to the restriction requirement contained in the outstanding Office Action, Applicant hereby elects embodiment III drawn to figure 5 to be examined. Claims 77-93 are readable on the elected species.

In the Action, the examiner noted that restriction was required between product and process claims. Therefore, Applicant hereby further elects product claims 77-92 consistent with this restriction; and so that independent product claim 93 may be subject to rejoinder.

In reviewing the claims, it was noted that claim 89 depended from canceled claim 22, instead of claim 87 as desired. Therefore, by this Amendment, the dependency of claim 89 has been corrected.

Further and favorable action is solicited.
